

John Oldacre Foundation Bursary

The John Oldacre Foundation offers a bursary for students progressing from a Hartpury Agriculture based further education course onto a Hartpury University Agriculture degree programme.

The Bursary is to assist students who may experience difficulty in progressing to a degree programme, not necessarily financial, although the level of household income will be taken into consideration when assessing applications.

The bursary will offer up to £3000.00 for each academic year of the programme.

Applicants will be required to complete an application form and a personal statement detailing their reasons for applying and how an award would assist their studies.

The full terms and conditions are:

- 1.1 The John Oldacre Foundation Bursary is available to students who have completed an Agricultural Further Education course at Hartpury College and who progress to a Hartpury University Agricultural Degree without a break in studies.
- 1.2 Award of the bursary is conditional on the full completion of an application form and submission with the form of a personal statement detailing the reasons for the application, how an award will assist studies and an indication of future plans
- 1.3 If an application is successful the award will be up to £3000.00 for each year of the programme.
- 1.4 Any significant change in personal circumstances must be advised to the Student Finance office as quickly as possible.
- 1.5 Household income although not necessarily a limiting factor will be taken into consideration when assessing the level of support available to a successful applicant.
- 1.6 Successful applicants will not be eligible for any other Hartpury University bursary.

- 1.7 Any award will firstly be used against any fees or charges invoiced by Hartpury. Any balance remaining will then be paid to the bank account given on the application form
- 1.8 An application will be required for each year of study.
- 1.9 Students studying part time may be awarded a bursary. The amount will be pro rata any full award dependent on the intensity of study

2.0 Payment

2.1 Any Bursary balance after invoices will be paid in two equal instalments, per year, directly to the student's nominated bank account.

2.2 The first bursary instalment will not be paid until after 1st November 2019.

2.3 The second instalment will not be paid until after 15th January 2020.

2.4 If Hartpury is provided with incorrect bank details then payments may be paid to an incorrect account. Should this happen then the funds will need to be reclaimed from the bank before a bursary award payment can be repaid to your correct account. The timescale of this repayment then rests with the bank.
