- Delivery of individual, unit and team-based analysis sessions.
- Managing the creation and development of individual player/team clip library on Hudl.
- Contributing to projects and reports to the Performance Analysis department.
- Regular communication and engagement with the Head of Netball, ensuring the smooth running of analysis provision in the programme.
- Completing your postgraduate research project alongside our university strategic direction with the aim of actively contributing to our evolving postgraduate research and knowledge exchange community and impacting our applied Sports Academy provision.

## PERSON SPECIFICATION

### Essential

- 2.2 undergraduate degree in related field (although this is open to discussion based on application).
- A positive work ethic and a willingness to learn.
- Strong interpersonal and communication skills.
- Trustworthy and reliable.

### Desirable

- Experience using performance analysis equipment such as filming matches and confident working with technology e.g. Hudl/Hudl Sportscode.
- Familiarity with performance analysis software.
- Sound knowledge of netball.

## BENEFITS

- Part funded tuition on the MSc Applied Performance Analysis in Sport degree (over two years).
- Involved in one of the most successful educational netball programmes in the UK.
- Access to world-class coaching and sports science facilities to aid in your development as a performance analyst.
- Opportunity to network with professional and semi-professional clubs, players and coaches both nationally and internationally.
- Access to Hudl's online video analysis platform.
- Gym membership for the Sports Academy, staff kit and free parking.
- Membership to our PG Studentship Group who meet regularly for CPD, sharing of good practice and reflection sessions.
