

WOMEN'S RUGBY POSTGRADUATE STUDENTSHIP PERFORMANCE ANALYST

*Are you ready to take a bold step into the world of high-performance rugby?
Do you want to study at one of the UK's leading sporting universities while gaining hands-on experience at the top level of the student game?
The Hartpury Women's Rugby Academy is offering two exceptional MSc Performance Analysis Studentships for the 2026-27 academic year - an opportunity designed for those who aspire to turn passion into profession.*

This studentship provides a part-funded place on Hartpury University's MSc Applied Performance Analysis in Sport, combined with a year-long placement working with our Women's pathway performance staff and athletes. You'll be right at the heart of a high-performance environment, supporting a programme renowned for developing players, coaches, and analysts who go on to thrive in professional sport.

At Hartpury, you won't just study performance analysis, you'll live it.

You'll help capture the moments that matter, uncover the insights that drive performance, and contribute directly to the success of one of the most respected rugby academies in the UK

WHY THIS STUDENTSHIP MATTERS.....

- Work at the cutting edge of performance analysis within a high-performance rugby programme.
- Gain invaluable experience filming, coding, and delivering analysis for training and competitive matches.
- Contribute to individual, unit, and team development through meaningful, impactful insights.
- Engage in postgraduate research that directly shapes our evolving performance analysis practices.
- Connect with professional environments, including opportunities to support Gloucester-Hartpury Rugby senior analysts during the 2026/27 PWR season.
- Build relationships and networks across elite sport, both nationally and internationally.
- The placement is a minimum of 8 hours per week
- The placement will require you to start in pre-season (August) through to the end of the season (May)

YOU WILL THRIVE HERE IF YOU...

- Bring curiosity, ambition, and a hunger to learn.
- Work well with people, communicate clearly, and value trust and professionalism.
- Love rugby or want to deepen your understanding of it and enjoy working with technology and analysis tools.
- A 2.2 undergraduate degree in related field (although this is open to discussion based on application)

WHAT YOU'LL GAIN.....

- Part-funded tuition for the MSc Applied Performance Analysis in Sport
- Access to world-class facilities and leading software including HUDL Sportscore, HUDL Studio, Nacsport, Veo and IP cameras
- Gym membership, staff kit, free parking
- Membership to the PG Studentship Group for CPD, shared learning, and reflective practice
- A real chance to influence performance and grow as an analyst within a supportive, ambitious environment
