

College Residential Accommodation Allocation Policy 2025 -2026 Entry

There are 700 bed spaces for under 18 and over 18 students studying Further Education programmes; a mix of single en-suite, twin en-suite and twin non en-suite rooms.

Accommodation is single sex with limited mixed sex accommodation for students over the age of 18 on 1 September 2025.

All rooms are non-self-catering and students are expected to eat in the wide range of eating outlets on the campus.

Demand for rooms consistently exceeds the number available and the offer of a place on a programme does not guarantee an offer of accommodation. Annually we operate a wait list for those who aren't successful in obtaining accommodation at the initial stage. Around GCSE results day we see a number of changes and those on wait lists often receive a room, but not all.

Process for application – New students

- Applications for accommodation open in Spring 2025 (Please check the Hartpury website for more details closer to the time)
- In order to be eligible to apply for accommodation students must be studying on a Level 3 BTEC Diploma, T-Level or A Level programme. We are not able to provide accommodation to students that are studying on Level 2 qualifications.
- Before making an application for accommodation, students must have accepted an offer of a place on a course at least 24 hours before applying for accommodation.
Applications for accommodation will not be accepted until a place has been accepted.
- During the application process, students can state their desired room preference, however first year students are typically allocated twin en-suite rooms/twin non en-suite rooms.

Accommodation allocation will be allocated on the following basis:

- Year 1 students who are part of first-team sports academies (as selected by the academy managers) will be allocated shared twin rooms. These will be in our three shared accommodation halls across campus. Rooms may be en-suite or non-ensuite.
We aim to group disciplines together where we can although this cannot be guaranteed.
- Other A Level, T-level and BTEC students can apply for any room type.

As part of the application process, students must declare any medical conditions. Supporting evidence from a suitably qualified professional in the relevant field may be required and the College's Head of Safeguarding, Wellbeing and Health or nominee will undertake a risk assessment prior to confirmation of an accommodation place where necessary, to ensure we are able to put in place any reasonable adjustments that are required

When students apply for a room, they will be required to pay a deposit of £130 and to provide debit / credit card details to enable a recurring card payment plan to be set up. (Advance notification will be sent of the payment values and dates to be collected, and apart from the initial £130 deposit, will not start until after the student has moved into their room).

Students successful in securing a bed space will receive a formal offer of accommodation via email, usually in late May. (Please check the Hartpury website for a specific date closer to the time)

Students who have been unsuccessful in securing accommodation will be notified at the same time and will automatically be placed on a wait list for a room.

Method of allocation – New students

Demand for rooms consistently exceeds the number available and new students are encouraged to apply for accommodation as soon as possible after applications open, following acceptance of their offer to study.

Applications from students are allocated in accordance with the following criteria, in no particular order:

(NB This is not an exhaustive list)

- Students who are able to travel on public or College transport (see Hartpury website for details) will not be allocated accommodation unless there are rooms available at 31st August 2025.
- International Students
- **Programme of study:** Students studying an agriculture, animal or equine equitation programme will be given priority.
- Students who are part of the first -team Hartpury Sports Academies, as selected by the academy manager.
- There are also *a limited number* of rooms available for Sports Students who are not part of the first-team Sports Academies.
- Assessment of the quality of interview including quality of answers and alignment with career aspirations.
- Academic performance and attitude to study shown in school report.
- Predicted grades of students as shown on school reports.
- Students who have on-campus livery.
- Suitability of the accommodation environment to the student's needs (after reasonable adjustments).
- Students on a recognised two-year programme returning for Year 2 that have been in College accommodation previously and are not able to travel on public or College transport.

The above criteria will not preclude other students from being resident if vacancies exist.

Hartpury no longer provides accommodation for students studying Agriculture Year 3, they are responsible for sourcing their own private accommodation.

The offer of accommodation will be withdrawn, if a student fails to meet the entry criteria for a programme, or if a subsequent risk assessment deems the offer of accommodation a safeguarding risk to either the student or others.

Qualifying for a bursary from the Residential Fund does not guarantee an offer of a residential place at College. Awards made from the Residential Fund cannot be used for any other purpose, e.g. transport, as the award is subject to external scrutiny.

The offer of a course does not guarantee an offer of a residential place at College.

Application – Returning students

Having a residential place for one academic year does not guarantee a place in subsequent years and an application has to be made each year. Students who are able to travel on public or Hartpury transport will not be allocated accommodation unless there are rooms available at 31st August 2025.

Returning students are given the opportunity to apply before the application process goes 'live' for new students. Applications will be judged yearly according to the allocation criteria.

Students returning for year 2 of their programme must apply for accommodation. Students, parents and carers will be notified via email when applications open.

Any returning student who has been excluded from residence in year 1, will be unable to apply for accommodation for year 2.

Allocation – Returning students

Students returning for year 2 of their programme who are aged over 18 on 1 September 2025 will be allocated to single en-suite accommodation in our designated over 18 college accommodation, which is usually within the New Vicarage area.

There is no appeals process and the decision of the Hartpury Accommodation Team is final.
