HartpurySportsCoachingCentre

How can the Coaching Centre benefit you?

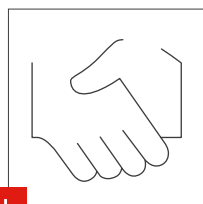

The Coaching Centre provides professional coach development opportunities to individuals, governing bodies, sporting organisations and sports clubs in a wide variety of formats to enhance practice

Workshops

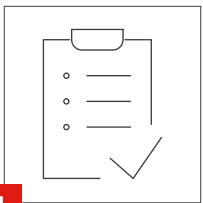

We offer a coach development portfolio, which includes face-face practical and online workshops which challenge thinking and provide critical and insightful ways to explore contemporary topics

Consultancy

We construct unique and specific workshops, lectures, practical or classroom sessions based on the organisations requirements which can be affiliated to The FA

Applied Research Projects

Do you have an area or idea that you'd like to explore for your business?

Our students engage in a 'live' project that helps organisations conduct research into key areas

"The Hartpury Sports Coaching Centre have been innovative in providing us with a unique workshop, tailored to our needs and aligning to the FA's national demand to improve coach behaviour and educate grassroots coaches on their role within the football ecosystem.

The workshop has been a huge success, with feedback around their interactive but academically stimulating material well received from our audiences."

Simon Russell
CEO,
Wiltshire FA
